Effective, Affordable, and Quality Pain Management Now Available at Healthpointe in Los Angeles County, San Bernadino County, Orange County, and Riverside County

Healthpointe provides quality medical care for wounds, headaches, back pain, neck pain, knee pain, hip pain, foot pain, and other pain conditions.

La Mirada, CA (PRWEB) November 28, 2014

Healthpointe's **pain management** team is now servicing those in Southern California who suffer from joint pain, wound pain, lower back pain, neck pain, knee pain, headaches, and other pain conditions. Board-certified medical specialists work closely with patients to locate the causes of moderate, difficult, and severe pain. Patients are thoroughly analyzed by a professional team of doctors who work together to treat and manage their patients' pain.

Healthpointe's many locations throughout Los Angeles County, San Bernadino County, Orange County, and Riverside County are offering pain services, such as **physical therapy**/physiotherapy, chiropractic care, biofeedback therapy, and acupuncture. Healthpointe's pain management team strives to decrease pain conservatively with little to no pain medication and a holistic approach to pain relief. When such efforts aren't helping to relieve the pain, more aggressive treatment can be taken by Healthpointe's team of surgeons.

For more information on how Healthpointe's pain management program can help you, call (844) 887-7882 or visit [Healthpointemd.net](#).

About Healthpointe:
